

## **Turnstile Warranty: Manufacturers Standard 5 Year Zero-Maintenance**

All Installed Mechanical & Electrical components, otherwise known as the factory area, **are fully warranted for 5 years** PROVIDED this area is not violated in any significant, as determined by Aeroturn, way. Aeroturn accepts no consequential damages.

### Included:

All parts & labor to repair or replace at factory are included in the 5 year warranty, provided:

1. Upon investigation, the damage or malfunction was caused by Aeroturn.
2. If the components are not damaged in any way but have malfunctioned causing the Turnstile to not work properly.
3. Phone diagnosis & technician support to the fullest extent possible in support of Turnstile functionality.

### Not Included:

1. Trips to site for diagnosis, repair or replacement.
2. If malfunction or damage is determined to not have been caused by Aeroturn; \$995.00/day + the replaced or repaired component.
3. If malfunction is isolated at the site & was not caused by Aeroturn product(s); \$995.00/day

*Through testing & field experiences, all Aeroturn mechanisms are expected to exceed 10,000,000 cycles.*

*Preventative Maintenance programs are available if you are considering an extended Warranty.*

Contact Factory prior to attempting to repair Turnstiles.  
If damage occurs during this event warranty is voided.
